V. Public Remarks: None

VI. Communications and Donations: None

VII. Director's Report: See Google Docs for full report.

The Director is still waiting for Civil Service to certify the lists for Librarian I Adult Services and Librarian II Youth Services.
The backflow valve was tested in December. The water cooler was removed from the staff lunch room after the staff agreed it was no longer necessary since the new water fountain has a water bottle refill feature. This will mean a $50/month saving to CPL. Lockers are being installed in the staff lunch room. Thank you to Luann and her husband for assembling the lockers. Profex finished installing restroom door handles and staff kitchen cabinet work.

The Director discussed with the Board a recent communication she had with RCLS regarding the issuance of CPL library cards to West Point military families. RCLS wants to know if CPL will continue this practice. Although it is not yet been made clear why this inquiry is being made at this time, it is the Director’s belief that military families have a right to access a public library. Board members agreed. The question was raised regarding the possibility of contacting RCLS by phone or in writing to convey CPL support to keep the process of issuing library cards to West Point military families intact.

VIII. Committee Reports:

Finance Committee: At the half year mark the Library has not yet spent 50% of its budget.

Policy: A motion to send the revised Governance of the Board of Trustees to the lawyer was made by Lynn Daniels and seconded by Michelle Query.

Discussion: Changes were made to the Shared Document based on the Board's response and input. The section titled Budget and Public Voting will include language indicating that the Budget Vote will occur in the month of April, or as close to April as the Orange County Board of Elections schedule will allow.

Buildings, Gardens, Grounds, and Sustainability will be changed to Buildings, Grounds, and Sustainability.

Site of Meeting will include language barrier-free access to all.

Trustee Roster will change the dates of term from July 2023-July 2024 to FY 23-24.

The ‘approved as Policy date’ will be changed once the update is complete and document is returned from the lawyer.

A vote to send the revised Governance of the Board of Trustees to the lawyer with these changes was unanimous.

Buildings, Grounds, and Sustainability: It was discussed that a meeting date with Chris Patak should be set up where he can clarify for the Board what would be needed in order to install solar panels and how to proceed with the most cost-effective ways to do so.

Friends: None

While completion of Form WH-347 is optional, it is mandatory for covered contractors and subcontractors performing work on Federally financed or assisted construction contracts to respond to the information collection contained in 29 C.F.R. §§ 3.3, 5.5(a). The Copeland Act (40 U.S.C. § 3145) contractors and subcontractors performing work on Federally financed or assisted construction contracts to "furnish weekly a statement with respect to the wages paid each employee during the preceding week." U.S. Department of Labor (DOL) regulations at 29 C.F.R. § 5.5(a)(3)(i)(c) require contractors to submit weekly a copy of all payrolls to the Federal agency contracting for or financing the construction project, accompanied by a signed Statement of Compliance indicating that the payrolls are correct and complete and that each laborer or mechanic has been paid not less than the proper Davis-Bacon prevailing wage rate for the work performed. DOL and federal contracting agencies receiving this information review the information to determine that employees have received legally required wages and fringe benefits.

**Public Burden Statement**

We estimate that it will take an average of 55 minutes to complete this collection, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. If you have any comments regarding these estimates or any other aspect of this collection, including suggestions for reducing this burden, send them to the Administrator, Wage and Hour Division, U.S. Department of Labor, Room S3502, 200 Constitution Avenue, N.W.

January 2024 Director’s Report

Personnel
- Received Librarian I Civil Service list for Adult Services and sent canvas letters 1/18/24
- Received Librarian II Civil Service list for Youth Services and sent canvas letters 1/18/24
- Responses to both are due by 2/5/24
- Snow Closures: 1/16-full day; 1/19 at 1PM

Budget/Financial
- Began the budget for 24/25, after verifying the Tax Base growth factor with H. Sotland.
- RCLS will begin requiring 2-factor authentication on all RCLS-issued email addresses. This cannot be done on any ‘generic’ email accounts, ex: COR@rcls.org, etc. There will also be an additional expense of at least $7.20 per email account. I’ve just received the list of these and will work on who to give access to so we can implement 2-factor authentication.
- Auditors here 1/30 to audit FY 2023/24

Programming
- 1/18 Lead Mystery Book Discussion at 2 PM (9 attendees).
- 1/25-Cornwall Chamber of Commerce room use @ 7:45 am

Building and Grounds
- 1/16 Gary Roach trimmed trees on the street side lawn that were getting too close to the building and/or had too many dead branches
- 1/17 Spoke with John Flanagan about Tree of Heaven along the east border of the Library property. He will cut them down by spring.
- 1/18 CJM Plumbing snaked the main library drain due to sewage backing up into the men’s room & Janitor’s closet sink.
- 1/14 CI noticed that shingles came off the roof and collected them all. On 1/15 I called several local roofers for estimates. I also got in contact with Padovani Roofing and was told since this was ‘an act of God’ they would not warranty it. Stepehns roofing cam on 1/31 and is looking in ot see if Padovani was a ‘certified installer’ of GAF shingles, in which case GAF would cover the cost of the shingles, at least. If not we will have to pay all the repair costs. I have one quote so far.

Reflections
This year, January resembled the month of March in the amount of foot traffic in the Youth Services area. Many people were seeking spaces for homework, seasonal books, or a place for their child to play and socialize. We hosted a full schedule of programs, read, presented, & attended the Mock Caldecott, Newbery, & Printz Awards at RCLS, began the massive task of scanning materials for a full inventory of our collection, assisted TUT with their plans for Take Your Child to the Library Day, all while planning displays and processing large quantities of brand new books. My heartfelt thanks to all who work to help this department run…well more like gallop!

Respectfully submitted 2/2/24, ekf

Notary Services..Please add to David's Report....1

Highlights & Tidbits: Old Man Winter was more interested in snowy weather than library programming this month! What a surprise for him when we not only did some valuable programs but planned out the next couple of months with great offerings for our community.

The collage program brought friendship and laughter to very serious crafters and even a visit from the Cornwall Local photographer who placed our smiles in the February 2nd edition of the paper! And we raised $28.00 for the Friends...just all in a day's work.

Lastly, I was pleasantly surprised that there were 10 attendees for the MSLC program on a cold January night. The attendance was small, but I truly believe that if you helped one person than you helped a crowd. The style of the talk was comfortable although the topic was difficult, but the physician answered everyone’s questions with respect and clarity. We are discussing expanding our relationship going forward to include high risk populations including children in our school system.

Looking forward to moving forward into 2024,

Brenda

Cornwall Public Library’s History
Cornwall Public Library’s History

The First Library in Cornwall owed its existence to a number of forward-looking citizens, who in November 1869, formed the Cornwall Circulating Library. One of the group, a wealthy philanthropist named Erard A. Matthiessen, became the chief stockholder and later owner of an imposing three-story structure erected in the village square. Although the building housed a number of establishments including an assembly on the top floor, its name—Library Hall—signified the principal occupant, the library.

The editor of an early town newspaper, a woman of education and culture, used every opportunity to extol the library, especially as an inducement for vacationists who invaded Cornwall in the summer. The community was a popular resort in post-Civil War years filled with spacious hotels and boarding houses.

Despite the name – “Circulating Library” – the facility seems to have functioned more as a reading room where a number of daily newspapers and current periodicals could be found. Supported by an annual subscription, ranging from one to five dollars, and by occasional fundraisers, it also relied on contributions of books from the patrons. The room was open daily, especially in the summer when, in rainy weather, it would be filled with guests from the nearby hotels.

Although the library could count on permanent quarters, its survival was threatened by a decline in the resort business and by a lack of patronage from the year-round population. In 1889, the local newspaper announced the sale of books and other property of the Cornwall Circulating Library; all that remained were small collections of books in the town’s public schools.

The next step came in 1893 when the two largest school districts applied for a charter from the State Board of Regents, which had been empowered to charter free public libraries supported by a school or municipal tax base. Within a short time, Cornwall obtained its permanent charter and School District 5 (Canterbury) set up a library in a small school, which in 1904 moved to a new building. At the same time, School District 4 (Cornwall-on-Hudson), whose school was close to Library Hall, was able to occupy the former reading room. Each library had a board of trustees that met periodically to oversee...
the operations and approve the selection of new books, exercising censorship over “unsuitable” material. Under a series of librarians, as yet untrained, the collections of books increased both in numbers and scope; card catalogues were instituted; and a small juvenile section opened. The windows of the library in Cornwall-on-Hudson overlooked the village square which made it a favorite after-school haunt of teenagers, who came ostensibly to do their homework. In 1921, the residents of Mountainville, a rural section of Cornwall, organized a third town library. They found space in a store, stocked the shelves with books from their homes, took turns as librarians, and sponsored benefits to defray the costs. Later they moved into an empty railroad station.

By the 1930s, the deteriorating condition of Library Hall (now called Matthiessen Hall) made the need for new library quarters. The son of the late Mr. Matthiessen offered to build a new library in Cornwall-on-Hudson, a handsome colonial-style building which opened in 1935 and is still in use. The three libraries operated independently until the centralization of the Cornwall Schools in 1954. A new library charter had to be obtained. The libraries of Districts 4 and 5 joined to become the Cornwall Public Library with one board of trustees and a single budget. There were three branches: the Library in Cornwall-on-Hudson; rooms in the Town Hall into which the District 5 library had moved in 1953; and the Mountainville Library, which joined the system in 1969.

The history of the last three decades can be summed up in two familiar words: modernization and expansion. Meeting the public demand for up-to-date services led to the hiring of a professional director and additional staff, the purchase of computers and other modern equipment, and the expansion of programs, including those for children. Those who remember the once-spacious interior of the Cornwall-on-Hudson library were astounded at the then crowded conditions—additional shelving and equipment left scarcely room to turn around; and the problem was worse at the Town Hall branch.
Over the years, several options have been presented to the taxpayer, ranging from the acquisition of existing buildings to the erection of a new library. In 1989, a proposition for a $3.2 Million building was defeated, as was a scaled-down version for $2.65 million in 1990. Closing the Mountainville branch in 1990 subsequently reduced operating costs. In 1997, the Trustees presented voters an entirely new plan to build a 10,000 square foot library for $2.2 million. Designed by architect Peter R. Hoffman of Marlboro, NY, the proposal for the new library offered the consolidation of services, collections, and staff in one new location at Riverlight Park. Active campaigning by members of the Friends of the Library and other interested citizens achieved the long-needed approval of a new building in December of that year. Construction of the new Cornwall Public Library began in April 1999, with a grand opening slated for later that year or early 2000.

1. Pursuant to the retirement of the General Code of the State of New York, the Board of Library Trustees from School District Number One shall consist of seven (7) members elected by the qualified voters of the Cornwall Central School District of the Towns of Cornwall, New Windsor and Woodbury, Orange County, New York for a full term of three (3) years. The Board shall appoint vacancies due to cause other than expiration of term until the next Operating Budget Vote and Trustee election. At that time the appointee and any other interested candidates may run for the remainder of the unexpired term.

2. The Trustees shall have full responsibility for the formation of policies governing the operation and program of the library; they shall employ a competent Library Director possessing a Master’s Degree in Library Science; and shall secure adequate funds to carry on the Library’s program.

3. The Officers of the Board shall be President, Vice President and Secretary. Their terms of office shall be for one (1) year coinciding with the Library’s Fiscal Year (July 1-June 30). They shall be elected at the first regular meeting in each fiscal year.

Standing committees shall be Finance; Policy; Building, Grounds and Sustainability; Friends; Personnel; Strategic Planning. Committees should have no more than three members. The President may appoint committees for other purposes, those committees will be considered discharged upon the completion of the purpose for which it was appointed after the final report is made to the board.

Budget & Public Voting

In order to maintain and develop services of the CPL, the Board of Trustees will start a review of expenditures, staff and planning for the next fiscal year by January of each year. Working with the Library Director, the Board will prepare a final budget plan in time for adoption at the Board meeting in March.

The budget will be presented to the public with time for public review and voting in April (or as close to April as the Orange County Board of Elections schedule will allow) for approval or rejection. The election of a Trustee for each open position will be made at the same public vote.

As CPL is a School District Public Library, public voting for the proposed budget, election of trustees or any needed special bond expenses will be carried out in accordance with the voting rules of the Cornwall Central School District.

1. The Board shall appoint a qualified Library Director possessing a Master’s Degree in Library Science who shall be the executive and administrative officer of CPL on behalf of the board and serve under its review and direction.

2. The Library Director shall recommend to the Board the appointment and specific duties of other employees and shall be held responsible for the proper direction and supervision of the staff.
3. The Library Director shall also be responsible for:

4. In the case of part-time or temporary workers, the Library Director shall have the interim authority to appoint without prior approval of the Board until its next regular meeting.

**Library Staff Responsibilities**

The overall responsibilities of the Library Director are defined in the Rules of Government of the Board of Trustees. Delegation of tasks geared toward ongoing library service is at the discretion of the Library Director. The Director will direct the staff to maintain all library services year round.

In the absence of the Library Director for vacation, illness or unexpectedly for other reasons, these supervisory responsibilities will fall to the senior full-time qualified librarian working under the review and direction of the Board of Trustees.

**Amendments**

Amendments to these rules may be proposed at any regular meeting but may become effective only after a favorable vote at a subsequent meeting. Any of the foregoing rules may be temporarily suspended by a unanimous vote of all the Trustees present at any meeting.

**Reconsideration of a Policy**

Patrons may request that the Board of Trustees of CPL reconsider a policy. Patrons should contact Library Staff for a copy of the request for Reconsideration of a Policy Form. The form should be completed and returned to the Information Desk. The Library Director will then present the form during the New Business section of the next regular meeting.

Section 4

Public Access to Records
Public Access to Records of Cornwall Public Library

Part 1. Freedom of Information
The Freedom of Information Law (FOIL) affirms your right to know how your government operates. It provides rights of access to records that reflect governmental decisions and policies that affect the lives of every New Yorker. The Law authorized the creation of the Committee on Open Government.

Part 2. Scope of the Law
All agencies are subject to FOIL and the Law defines “agency” to include all units of state and local government in New York State, including state agencies, public corporations and authorities, as well as any other governmental entities performing a governmental function for the state or for one or more units of local government in the state (Pub. Off. L. (“POL”) § 86(3)).

The term “agency” does not include the State Legislature or the courts. For purposes of clarity, “agency” will be used hereinafter to include all entities of government in New York, except the State Legislature and the courts, which will be discussed later.
Part 3. What is a Record?

All records are subject to the FOIL, and the law defines “record” as “any information kept, held, filed, produced or reproduced by, with or for an agency . . . in any physical form whatsoever.” POL § 86(4). It is clear that items such as audio or visual recordings, data maintained electronically, and paper records fall within the definition of “record.” An agency is not required to create a new record or provide information in response to questions to comply with the law; however, the courts have held that an agency must provide records in the form requested if it has the ability to do so. For instance, if the agency can transfer data into a requested format, the agency must do so upon payment of the proper fee.

Part 4. Accessible records

FOIL is based on a presumption of access, stating that all records are accessible, except records or portions of records that fall within one of the below categories of deniable records. POL § 87(2).

An agency may decline to produce records or portions thereof that:
(a) are specifically exempt from disclosure by state or federal statute;
(b) would if disclosed result in an unwarranted invasion of personal privacy;
(c) would if disclosed impair present or imminent contract awards or collective bargaining negotiations;
(d) are trade secrets or are submitted to an agency by a commercial enterprise or derived from information obtained from a commercial enterprise and which if disclosed would cause substantial injury to the competitive position of the subject enterprise;
(e) are compiled for law enforcement purposes and which if disclosed would:
   i. interfere with law enforcement investigations or judicial proceedings, provided however, that any agency, which is not conducting the investigation that the requested records relate to, that is considering denying access pursuant to this subparagraph shall receive confirmation from the law enforcement or investigating agency conducting the investigation that disclosure of such records will interfere with an ongoing investigation; ii. deprive a person of a right to a fair trial or impartial adjudication;
   iii. identify a confidential source or disclose confidential information relative to a criminal investigation; or iv. reveal criminal investigative techniques or procedures, except routine techniques and procedures;
(f) could if disclosed endanger the life or safety of any person;
(g) are inter-agency or intra-agency communications, except to the extent that such materials consist of:
   i. statistical or factual tabulations or data;
   ii. instructions to staff that affect the public;
   iii. final agency policy or determinations; or
   iv. external audits, including but not limited to audits performed by the comptroller and the federal government;
(h) are examination questions or answers that are requested prior to the final administration of such questions; or
(i) if disclosed, would jeopardize the capacity of an agency or an entity that has shared information with an agency to guarantee the security of its information technology assets, such assets encompassing both electronic information systems and infrastructures; or
(j) [Deemed repealed Dec. 1, 2024] are photographs, microphotographs, videotape or other recorded images prepared under authority of section eleven hundred eleven-a of the vehicle and traffic law.
(k) [Expires and deemed repealed Dec. 1, 2024] are photographs, microphotographs, videotape or other recorded images prepared under authority of section eleven hundred eleven-b of the vehicle and traffic law.
(l) [Expires and deemed repealed Sept. 20, 2025] are photographs, microphotographs, videotape or other recorded images produced by a bus lane photo device prepared under authority of section eleven hundred eleven-c of the vehicle and traffic law.

(m) [Expires and deemed repealed July 1, 2022] are photographs, microphotographs, videotape or other recorded images prepared under the authority of section eleven hundred eighty-b of the vehicle and traffic law.

(n) [Expires and deemed repealed Dec. 1, 2024] are photographs, microphotographs, videotape or other recorded images prepared under the authority of section eleven hundred eighty-d of the vehicle and traffic law.

(o) [Expires and deemed repealed Sept. 12, 2024] are photographs, microphotographs, videotape or other recorded images prepared under authority of section eleven hundred eleven-d of the vehicle and traffic law.

(p) [See also, par. (p) below.] are data or images produced by an electronic toll collection system under authority of article forty-four-C of the vehicle and traffic law and in title three of article three of the public authorities law. (p) [Expires and deemed repealed Sept. 6, 2024; See also, par. (p) above.] are photographs, microphotographs, videotape or other recorded images prepared under the authority of section eleven hundred eighty-d of the vehicle and traffic law.

(q) [Expires and deemed repealed Dec. 1, 2024] are photographs, microphotographs, videotape or other recorded images prepared under authority of section eleven hundred seventy-four-a of the vehicle and traffic law.

(r) [Expires and deemed repealed Oct. 6, 2026; See also, pars. (r) below.] are photographs, microphotographs, videotape or other recorded images prepared under the authority of section eleven hundred eighty-e of the vehicle and traffic law.

(r) [Expires and deemed repealed Dec. 1, 2026; See also, pars. (r) above and below.] are photographs, microphotographs, videotape or other recorded images prepared under authority of section eleven hundred eleven-f of the vehicle and traffic law.

(r) [Expires and deemed repealed Dec. 1, 2025; See also, pars. (r) above.] are photographs, microphotographs, videotape or other recorded images or information and data prepared under authority of section three hundred eighty-five-a of the vehicle and traffic law.

The categories of records that an agency may decline to produce generally involve the potentially harmful effects of disclosure. They are based in great measure upon the notion that disclosure would in some instances “impair,” “cause substantial injury to,” “interfere with,” “deprive,” “endanger,” etc.

One category of records an agency may decline to disclose that does not deal directly with the effects of disclosure is exception (g), which deals with interagency and intra-agency materials. The intent of the exemption is twofold. Written communications transmitted from an official of one agency to an official of another or between officials within an agency may be withheld as exempt insofar as they consist of advice, opinions or recommendations. For example, an opinion prepared by staff which may be rejected or accepted by the head of an agency need not be made available. Statistical or factual information, on the other hand, as well as the policies and determinations upon which an agency relies in carrying out its duties, are available unless a different exemption applies.

There are also special provisions in the law regarding the protection of trade secrets and critical infrastructure information. Those provisions pertain only to state agencies and enable a business entity submitting records to state agencies to request that records be kept separate and apart from all other agency records. When a request is made for records falling within these special provisions, the submitter of such records is given notice and an opportunity to justify a claim that the records would if disclosed result in substantial injury to the competitive position of the submitter’s commercial enterprise. A member of the public requesting records may challenge such a claim.
Generally, the law applies to existing records. Therefore, an agency need not create a record in response to a request. Nevertheless, POL § 87(3) requires that each agency must maintain the following:

(a) a record of the final vote of each member in every agency proceeding in which the member votes;
(b) a record setting forth the name, public office address, title and salary of every officer or employee of the agency; and
(c) a reasonably detailed current list by subject matter of all records in possession of an agency, regardless of whether the records are accessible.

Part 5. Protection of Privacy

One of the exceptions to rights of access referenced earlier states that records may be withheld when disclosure would result in “an unwarranted invasion of personal privacy.” POL § 87(2)(b).

Unless otherwise deniable, disclosure shall not be construed to constitute an unwarranted invasion of personal privacy when identifying details are deleted, when the person to whom a record pertains consents in writing to disclosure, or when upon presenting reasonable proof of identity, people seek access to records pertaining to themselves.

When a request is made for records that constitute a list of names and home addresses of natural persons (i.e., not corporations or individuals acting in a business capacity) or its equivalent, the agency is permitted to require that the applicant certify that such list will not be used for solicitation or fund-raising purposes and will not sell, give or otherwise make available such lists to any other person for the purpose of allowing that person to use such list for solicitation or fund-raising purposes. POL § 89(3)(a).

Since 2010, agencies have been prohibited from intentionally releasing social security numbers to the public. POL § 96-a.

Part 6. How to Obtain Records

Subject matter list

As noted earlier, each agency must maintain a “subject matter list.” POL § 87(3)(c). The list is not a compilation of every record an agency has in its possession, but rather is a list of the subjects or file categories under which records are kept. It must reference all records in possession of an agency, regardless of whether the records are available. You have a right to know the kinds of records agencies maintain.

The subject matter list must be compiled in sufficient detail to permit you to identify the file category of the records sought, and it must be updated annually. Each state agency is required to post its subject matter list online. An alternative to and often a substitute for a subject matter list is a records retention schedule. Schedules regarding state and local government outside of New York City are prepared by the State Archives; those applicable in New York City are prepared by the NYC Department of Records and Information Services.

Regulations

Each agency must adopt standards based upon general regulations issued by the Committee. These procedures describe how you can inspect and copy records. The Committee regulations and a model designed to enable agencies to easily comply are available on the Committee website. See Regulations of the Committee on Open Government and Model Rules for Agencies.
**Designation of Records Access Officer**

Under the Committee regulations, each agency must appoint one or more persons as records access officer. The records access officer has the duty of coordinating the agency response to public requests for records in a timely fashion. In addition, the records access officer is responsible for ensuring that agency personnel assist in identifying records sought, make the records promptly available or deny access in writing, provide copies of records or permit you to make copies, certifying that a copy is a true copy and, if the records cannot be found, certifying either that the agency does not have possession of the requested records or that the agency does have the records, but they cannot be found after diligent search.

The regulations also state that the public shall continue to have access to records through officials who have been authorized previously to make information available. The records access officer is:

Charlotte A. Dunaief, Library Director  
Cornwall Public Library  
395 Hudson Street  
Cornwall, NY 12518  
845-534-8282  
cdunaief@rcls.org  

**Requests for Records**

An agency may ask you to make your request in writing. See Sample Request for Records, below. The law requires you to “reasonably describe” the record in which you are interested. POL § 89(3)(a). Whether a request reasonably describes records often relates to the nature of an agency filing or recordkeeping system. If records are kept alphabetically, a request for records involving an event occurring on a certain date might not reasonably describe the records. Locating the records in that situation might involve a search for the needle in the haystack, and an agency is not required to engage in that degree of effort. The responsibility for identifying and locating records sought rests to an extent upon the agency. If possible, you should supply dates, titles, file designations, or any other information that will help agency staff to locate requested records, and it may be worthwhile to find out how an agency keeps the records of your interest (i.e., alphabetically, chronologically or by location) so that a proper request can be made.

The law also provides that agencies must accept requests and transmit records requested by email when they have the ability to do so. These days, few agencies will not have an email system and accordingly must accept requests and provide records using this method.

Within five business days of the receipt of a written request for a record reasonably described, the agency must make the record available, deny access in writing giving the reasons for denial, or furnish a written acknowledgment of receipt of the request and a statement of the approximate date when the request will be granted or denied, which must be reasonable in consideration of attendant circumstances, such as the volume or complexity of the request. The approximate date ordinarily cannot exceed 20 business days from the date of the acknowledgment of the receipt of a request. If an agency determines that it needs more than 20 business days to grant a request in whole or in part, the agency acknowledgment must explain the reason and provide a specific date within which it will grant a request in whole or in part. 9 When an agency delays a response beyond 20 business days, the delay must be reasonable in relation to the circumstances of the request. If the agency fails to abide by any of the requirements concerning the time within which it must respond to a request, the request is deemed denied, and the person seeking the records may appeal the denial. For more information, see Explanation of Time Limits for Responding to Requests.
Fees

An agency must make copies of records available on request. Except when a different fee is prescribed by statute (an act of the State Legislature), an agency may not charge for inspection, certification or search for records, or charge in excess of 25 cents per photocopy up to nine by 14 inches. POL §87(1)(b)(iii). An agency may charge fees for copies of other records based upon the actual cost of reproduction. There may be no basis to charge for copies of records that are transmitted electronically; however, when requesting electronic data, there are occasions when the agency can charge for employee time spent preparing the electronic data.

Denial of Access and Appeal

Unless a denial of a request occurs due to a failure to respond in a timely manner, a denial of access must be in writing, stating the reason for the denial and advising you of your right to appeal to the head or governing body of the agency or the person designated to determine appeals by the head or governing body of the agency. The following person(s) or body shall determine appeals regarding the denial of access to records under the Freedom of Information Law:

President of the Board of Trustees
Cornwall Public Library
395 Hudson Street, Cornwall, NY 12518
845-534-8282

You may appeal within 30 days of a denial. Upon receipt of the appeal, the agency head, governing body or appeals officer has ten business days to fully explain in writing the reasons for further denial of access or to provide access to the records. Copies of appeals and the determinations thereon must be sent by the agency to the Committee on Open Government. POL § 89(4)(a). A failure to determine an appeal within 10 business days of its receipt is considered a denial of the appeal.

You may seek judicial review of a final agency denial by initiating a proceeding pursuant to Article 78 of the Civil Practice Law and Rules. When a denial is based on an exception to rights of access, the agency has the burden of proving that the record sought falls within the claimed exemption(s). POL § 89(4)(b).

FOIL permits a court, in its discretion, to award attorney fees to a petitioner when the court finds that they have substantially prevailed and the agency failed to respond to a request or appeal within the statutory time. An award of 10 attorney fees is mandatory when the petitioner has substantially prevailed and the court finds that the agency had no reasonable basis for denying access.

Access to Legislative Records

Section 88 of FOIL applies only to the State Legislature and provides access to the following records in its possession:

(a) bills, fiscal notes, introducers’ bill memoranda, resolutions and index records; (b) messages received from the Governor or the other house of the Legislature, as well as home rule messages;
(c) legislative notification of the proposed adoption of rules by an agency;
(d) transcripts, minutes, journal records of public sessions, including meetings of committees, subcommittees and public hearings, as well as the records of attendance and any votes taken;
(e) internal or external audits and statistical or factual tabulations of, or with respect to, material otherwise available for public inspection and copying pursuant to this section or any other applicable provision of law;
(f) administrative staff manuals and instructions to staff that affect the public;
(g) final reports and formal opinions submitted to the Legislature;
(h) final reports or recommendations and minority or dissenting reports and opinions of members of committees, subcommittees, or commissions of the Legislature;
(i) any other records made available by any other provision of law; and
(j) external audits conducted pursuant to section ninety-two of the legislative law and schedules issued pursuant to subdivision two of section ninety of the legislative law.

In addition, each house of the Legislature must maintain and make available:
(a) a record of votes of each member in each session, committee and subcommittee meeting in which the member votes;
(b) a payroll record setting forth the name, public office address, title and salary of every officer or employee; and
(c) a current list, reasonably detailed, by subject matter of any record required to be made available by section 88.

Each house is required to issue regulations pertaining to the procedural aspects of the law. Requests for the listed records should be directed to the public information officers of the respective houses.

**Access to Court Records**

Although the courts are not subject to FOIL, § 255 of the Judiciary Law has long required the clerk of a court to “diligently search the files, papers, records and dockets in his office” and upon payment of a fee make copies of such items. Justice Courts are covered by § 2019-a of the Uniform Justice Court Act, which states that “records and dockets of the court except as otherwise provided by law shall be at reasonable times open for inspection to the public.”

Agencies charged with the responsibility of administering the judicial branch, such as, for example, the Office of Court Administration, are not courts and therefore are treated as agencies subject to FOIL.

Part 8. Open Meetings

The Open Meetings Law (OML) went into effect in 1977. Amendments that clarify and reaffirm your right to hear the deliberations of public bodies became effective in 1979.

In brief, the law gives the public the right to attend meetings of public bodies, listen to debates and watch the decision-making process in action. It requires public bodies to provide notice of the times and places of meetings and keep minutes of all action taken.

As stated in the legislative declaration of the OML (POL § 100):

It is essential to the maintenance of a democratic society that the public business be performed in an open and public manner and that the citizens of this state be fully aware of and able to observe the performance of public officials and attend and listen to the deliberations and decisions that go into the making of public policy.

What is a Meeting?

“Meeting” is defined as “the official convening of a public body for the purpose of conducting public business.” POL § 102(1). Courts have expansively interpreted this term. Any time a quorum of a public body gathers for the purpose of discussing public business, the meeting must be open to the public, regardless of whether there is intent to take action, and regardless of the manner in which the gathering is or may be characterized. The definition also authorizes members of public bodies to conduct meetings by videoconference provided that certain requirements are adhered to. A meeting cannot validly be held by telephone or through the use of email.

Since the law applies to “official” meetings, chance meetings or social gatherings are not covered; however, should a quorum be present without having provided proper notice, the discussion should not pertain to public business. Also, the law is silent with respect to public participation. Therefore, a public body may permit the public to speak at open meetings, but is not required to do so.

What is Covered by the Law?

The law applies to all public bodies. “Public body” is defined to cover entities consisting of two or more people that require a quorum to conduct public business and perform a governmental function for the state, for an agency of 17 the state, or for public corporations, including cities, counties, towns, villages and school districts. See POL § 102(2). In addition, committees and subcommittees consisting solely of members of a governing body are specifically included within the definition. Consequently, city councils, town boards, village boards of trustees, school boards, commissions, legislative bodies and committees and subcommittees of those groups all fall within the framework of the law. Citizens’ advisory bodies and similar advisory groups that are not created by law are not required to comply with the OML.

Notice of Meetings

The law requires that notice of the time and place of all meetings be given prior to every meeting. See POL § 104. If a meeting is scheduled at least a week in advance, notice must be given to the public and the news media not less than 72 hours prior to the meeting. Notice to the public must be accomplished by posting in one or more designated public locations and, when possible, online.
When a meeting is scheduled less than a week in advance, notice must be given to the public and the news media “to the extent practicable” at a reasonable time prior to the meeting. Again, notice to the public must be given by means of posting in designated locations and online.

**Videoconferencing**

Public bodies may use videoconferencing technology to conduct their meetings in one of two ways.

- **Standard videoconferencing:**
  A public body may, under all circumstances, allow its members to attend from any physical location that is open to in-person public attendance. The locations from which all members will be attending, which must be open to the public, must also be included in the meeting notice.

- **Extraordinary Circumstances videoconferencing:**
  On April 9, 2022, Governor Hochul signed Chapter 56 of the Laws of 2022, which added § 103-a to the OML. Under POL § 103-a, effective June 9, 2022, and absent a declared statewide or applicable local disaster, a public body may act to allow members to attend a meeting by videoconference without opening the location to in-person public attendance under “extraordinary circumstances” only.

Each public body that wishes to allow for remote attendance by its members at locations that do not allow for in-person physical attendance by the public is required to, after a public hearing, adopt a local law (governing bodies of counties, cities, towns and villages), adopt a joint resolution (New York State Senate and Assembly), or adopt a resolution (any other public body) authorizing such remote attendance, and must establish written procedures that set forth what they determine to be “extraordinary circumstances.” Chapter 56 includes a non-exhaustive list of examples of such circumstances, “including disability, illness, caregiving responsibilities, or any other significant or unexpected factor or event which precludes the member’s physical attendance at such meeting.”

Additionally, if a public body decides to meet under POL § 103-a, a minimum number of members must be present to fulfill the quorum requirement of the public body in a physical location or locations where the public can attend. Any member who participates at a physical location that is open to in-person attendance by the public (and which location has been included in the meeting notice) may count toward a quorum and may fully participate and vote in the meeting. If there is a quorum of members at a physical location or locations open to the public, the public body may properly convene a meeting; a member who is participating from a remote location that is not open to in-person physical attendance by the public may not count toward a quorum of the public body (but may participate and vote if there is a quorum of members at a physical location open to the public).

Finally, if a public body conducts a meeting leveraging POL § 103-a allowing a member to participate from a private location by videoconference based upon a determination of “extraordinary circumstances,” the public notice for the meeting must inform the public that such videoconferencing will be used and must include directions for how the public can view and/or participate (if participation is permitted) in such meeting.

**Records to be Discussed**

If records that are scheduled to be discussed during an open meeting are available under FOIL or consist of a proposed resolution, law, rule, regulation, policy or any amendment thereto, the record is required to be made available “to the extent practicable” online, at least 24-hours before the meeting, and in response to a request to inspect or copy prior to or during the meeting.

**When Can a Meeting be Closed?**
The law provides for closed or “executive” sessions under circumstances described in the law. It is important to emphasize that an executive session is not separate from an open meeting, but rather is defined as a portion of an open meeting during which the public may be excluded. See POL § 105.

To hold an executive session, the law requires that a public body take several procedural steps. First, the public body must make a motion during an open meeting to enter into executive session; second, the motion must identify “the general area or areas of the subject or subjects to be considered”; and third, the motion must be carried by a majority vote of the total membership of a public body.

A public body cannot close its doors to the public to discuss the subject of its choice, for the law specifies and limits the subject matter that is appropriate for executive session. The eight areas that may be discussed behind closed doors include:

(a) matters which will imperil the public safety if disclosed;
(b) any matter which may disclose the identity of a law enforcement agency or informer;
(c) information relating to current or future investigation or prosecution of a criminal offense which would imperil effective law enforcement if disclosed;
(d) discussions regarding proposed, pending or current litigation;
(e) collective negotiations pursuant to Article 14 of the Civil Service Law (the Taylor Law);
(f) the medical, financial, credit or employment history of a particular person or corporation, or matters leading to the appointment, employment, promotion, demotion, discipline, suspension, dismissal or removal of a particular person or corporation;
(g) the preparation, grading or administration of examinations; and
(h) the proposed acquisition, sale or lease of real property or the proposed acquisition of securities, or sale or exchange of securities held by such public body, but only when publicity would substantially affect the value thereof.

These are the only subjects that may be discussed behind closed doors; all other deliberations must be conducted during open meetings.

It is important to point out that a public body can never vote to appropriate public monies during a closed session. Therefore, although most public bodies may vote during a properly convened executive session, any vote to appropriate public monies must be taken in public.

The law also states that an executive session can be attended by members of the public body and any other persons authorized by the public body.

Note that item (f) is often referenced as “personnel,” even though that term does not appear in the grounds for holding executive sessions. Only when the discussion focuses on “a particular person or corporation” in relation to one or more of the topics listed in that provision is an executive session permitted.

**After the Meeting — Minutes**

If you cannot attend a meeting, you can still find out what actions were taken, because the OML requires that minutes of both open meetings and executive sessions must be compiled and made available. See POL § 106.

Minutes of an open meeting must consist of “a record or summary of all motions, proposals, resolutions and any matter formally voted upon and the vote thereon.” Minutes of executive sessions must consist of “a record or summary of the final determination” of action that was taken, “and the date and vote thereon.” Therefore, if, for example, a public body merely discusses a matter during executive session, but takes no action, minutes of an executive session need not be compiled; however, if action is taken, minutes of the action taken must be compiled and made available.
It is also important to point out that FOIL requires that a voting record must be compiled that identifies how individual members voted in every instance in which a vote is taken. Consequently, minutes that refer to a four to three vote must also indicate who voted in favor, and who voted against. The law does not require the approval of minutes but directs that minutes of an open meeting be prepared and disclosed within two weeks. Agencies that maintain a website and use a high-speed internet connection must post meeting minutes (which may still be in draft form) on its website within two weeks of the date of the meeting, or within one week of an executive session.

**Enforcement of the Law**

What can be done if a public body holds a secret meeting? What if a public body makes a decision in private that should have been made in public? Any “aggrieved” person can bring a lawsuit. Since the law says that meetings are open to the general public, a person may be aggrieved if improperly excluded from a meeting or if an executive session was improperly held.

Upon a judicial challenge, a court has the power to declare either that the public body violated the OML and/or declare the action taken void. See POL § 107. If the court determines that a public body has violated the law, it has the authority to require the members of the public body receive training given by the Executive Director of the Committee or her staff. A court also has the authority to award reasonable attorney fees to the successful party. This means that if you go to court and you win, a court may (but need not) reimburse you for your expenditure of legal fees. If, on the other hand, the court finds that a public body voted in private “in material violation” of the law “or that substantial deliberations occurred in private” that should have occurred in public, the court would be required to award costs and attorney’s fees to the successful party. A mandatory award of attorney’s fees would apply only when secrecy is the issue.

We note that an unintentional failure to fully comply with the notice requirements “shall not alone be grounds for invalidating action taken at a meeting of a public body.”

**The Site of Meetings**

As specified earlier, all meetings of a public body are open to the general public. The law requires that public bodies make reasonable efforts to ensure that meetings are held in facilities that permit “barrier-free physical access” to all and that meetings are held in rooms that can “adequately accommodate” the volume of members of the public who wish to attend. See POL § 103.

**Exceptions to Coverage by the Law**

Pursuant to POL § 108, the OML does not apply to:

1. judicial or quasi-judicial proceedings, except proceedings of zoning boards of appeals;
2. deliberations of political committees, conferences and caucuses; or
3. matters made confidential by federal or state law.

The law does not apply to proceedings before a court or before a public body that acts in the capacity of a court, to political caucuses, or to discussions concerning matters that might be made confidential under other provisions of law. For example, federal law requires that records identifying students be kept confidential. As such, a school board discussion of records that do or may identify a particular student would constitute a matter made confidential by federal law that would be exempt from the OML. Similarly, a meeting in which a public body’s attorney provides legal advice to the members of such body is exempt from coverage because an attorney’s provision of legal advice to a client is confidential as a matter of law.

**Public Participation and Recording Meetings**
The OML provides the public with the right to attend meetings of public bodies, but it is silent concerning the ability of members of the public to speak or otherwise participate. Although public bodies are not required to permit the public to speak at their meetings, many have chosen to do so. In those instances, we have advised that a public body should do so by adopting reasonable rules that treat members of the public equally.

If a public body is leveraging “extraordinary circumstances videoconferencing” pursuant to POL § 103-a to conduct its meeting, the public body must provide the same opportunity for members of the public to view the meeting (and participate, if such body permits public participation), both by remote technology or in person, in real time.

Public bodies are required to allow meetings to be photographed, broadcast, webcast or otherwise recorded as long as the equipment used to do so is not disruptive or obtrusive. If the public body adopts rules regarding such activities, they must be reasonable and conspicuously posted, and be provided to those in attendance upon request. See POL § 103(d).

II. Libraries should provide materials and information presenting all points of view on current and historical issues. Materials should not be proscribed or removed because of partisan or doctrinal disapproval.

III. Libraries should challenge censorship in the fulfillment of their responsibility to provide information and enlightenment.

IV. Libraries should cooperate with all persons and groups concerned with resisting abridgment of free expression and free access to ideas.

V. A person’s right to use a library should not be denied or abridged because of origin, age, background, or views.

Background Information

In the late 1950s, the State Legislature and Governor authorized the establishment of public library systems in Education Law. Governance and function are established in the Regulations of the Commissioner of Education. Each public library system is governed by a board of trustees.

See also Types of Library Systems

The State created library systems to expand the resources of all local libraries, enabling them to buy services and share resources cooperatively. Most of the 23 public library systems are supported entirely by State Aid. Systems qualify for aid based on an approved five-year plan of service and annual report. A portion of the State Aid is direct aid for member libraries.

Public library systems facilitate sharing of library resources so all New Yorkers have access to information and library services that advance and enhance their lives as workers, citizens, family members, and lifelong learners. Systems provide cooperative programs and services that help local communities take advantage of economies of scale. System staff provide professional expertise that helps local libraries achieve their full potential.

Cornwall Public Library’s History
Cornwall Public Library’s History

The First Library in Cornwall owed its existence to a number of forward-looking citizens, who in November 1869, formed the Cornwall Circulating Library. One of the group, a wealthy philanthropist named Erard A. Matthiessen, became the chief stockholder and later owner of an imposing three-story structure erected in the village square. Although the building housed a number of establishments including an assembly on the top floor, its name—Library Hall—signified the principal occupant, the library.

The editor of an early town newspaper, a woman of education and culture, used every opportunity to extol the library, especially as an inducement for vacationists who invaded Cornwall in the summer. The community was a popular resort in post-Civil War years filled with spacious hotels and boarding houses.

Despite the name – “Circulating Library” – the facility seems to have functioned more as a reading room where a number of daily newspapers and current periodicals could be found. Supported by an annual subscription, ranging from one to five dollars, and by occasional fundraisers, it also relied on contributions of books from the patrons. The room was open daily, especially in the summer when, in rainy weather, it would be filled with guests from the nearby hotels.

Although the library could count on permanent quarters, its survival was threatened by a decline in the resort business and by a lack of patronage from the year-round population. In 1889, the local newspaper announced the sale of books and other property of the Cornwall Circulating Library; all that remained were small collections of books in the town’s public schools.

The next step came in 1893 when the two largest school districts applied for a charter from the State Board of Regents, which had been empowered to charter free public libraries supported by a school or municipal tax base. Within a short time, Cornwall obtained its permanent charter and School District 5 (Canterbury) set up a library in a small school, which in 1904 moved to a new building. At the same time, School District 4 (Cornwall-on-Hudson), whose school was close to Library Hall, was able to occupy the former reading room. Each library had a board of trustees that met periodically to oversee

Matthiessen Hall, once known as Library Hall, in the Village of Cornwall on Hudson,
the operations and approve the selection of new books, exercising censorship over “unsuitable” material. Under a series of librarians, as yet untrained, the collections of books increased both in numbers and scope; card catalogs were instituted; and a small juvenile section opened. The windows of the library in Cornwall-on-Hudson overlooked the village square which made it a favorite after-school haunt of teenagers, who came ostensibly to do their homework. In 1921, the residents of Mountainville, a rural section of Cornwall, organized a third town library. They found space in a store, stocked the shelves with books from their homes, took turns as librarians, and sponsored benefits to defray the costs. Later they moved into an empty railroad station.

By the 1930s, the deteriorating condition of Library Hall (now called Matthiessen Hall) made the need for new library quarters. The son of the late Mr. Matthiessen offered to build a new library in Cornwall-on-Hudson, a handsome colonial-style building which opened in 1935 and is still in use. The three libraries operated independently until the centralization of the Cornwall Schools in 1954. A new library charter had to be obtained. The libraries of Districts 4 and 5 joined to become the Cornwall Public Library with one board of trustees and a single budget. There were three branches: the Library in Cornwall-on-Hudson; rooms in the Town Hall into which the District 5 library had moved in 1953; and the Mountainville Library, which joined the system in 1969.

The history of the last three decades can be summed up in two familiar words: modernization and expansion. Meeting the public demand for up-to-date services led to the hiring of a professional director and additional staff, the purchase of computers and other modern equipment, and the expansion of programs, including those for children. Those who remember the once-spacious interior of the Cornwall-on-Hudson library were astounded at the then crowded conditions—additional shelving and equipment left scarcely room to turn around; and the problem was worse at the Town Hall branch.
Over the years, several options have been presented to the taxpayer, ranging from the acquisition of existing buildings to the erection of a new library. In 1989, a proposition for a $3.2 Million building was defeated, as was a scaled-down version for $2.65 million in 1990. Closing the Mountainville branch in 1990 subsequently reduced operating costs. In 1997, the Trustees presented voters an entirely new plan to build a 10,000 square foot library for $2.2 million. Designed by architect Peter R. Hoffman of Marlboro, NY, the proposal for the new library offered the consolidation of services, collections, and staff in one new location at Riverlight Park. Active campaigning by members of the Friends of the Library and other interested citizens achieved the long-needed approval of a new building in December of that year. Construction of the new Cornwall Public Library began in April 1999, with a grand opening slated for later that year or early 2000.

Working with the Library Director, the Board will prepare a final budget plan in time for adoption at the Board meeting in March.

The budget will be presented to the public with time for public review and voting in April (or as close to April as the Orange County Board of Elections schedule will allow) for approval or rejection. The election of a Trustee for each open position will be made at the same public vote.

Library Staff Responsibilities

The overall responsibilities of the Library Director are defined in the Rules of Government of the Board of Trustees. Delegation of tasks geared toward ongoing library service is at the discretion of the Library Director. The Director will direct the staff to maintain all library services year round.

In the absence of the Library Director for vacation, illness or unexpectedly for other reasons, these supervisory responsibilities will fall to the senior full-time qualified librarian working under the review and direction of the Board of Trustees.

Patrons may request that the Board of Trustees of CPL reconsider a policy. Patrons should contact Library Staff for a copy of the request for Reconsideration of a Policy Form. Background Information

In the late 1950s, the State Legislature and Governor authorized the establishment of public library systems in Education Law. Governance and function are established in the Regulations of the Commissioner of Education. Each public library system is governed by a board of trustees.

See also Types of Library Systems

The State created library systems to expand the resources of all local libraries, enabling them to buy services and share resources cooperatively. Most of the 23 public library systems are supported entirely by State Aid. Systems qualify for aid based on an approved five-year plan of service and annual report. A portion of the State Aid is direct aid for member libraries.

Public library systems facilitate sharing of library resources so all New Yorkers have access to information and library services that advance and enhance their lives as workers, citizens, family members, and lifelong learners. Systems provide cooperative programs and services that help local communities take advantage of economies of scale. System staff provide professional expertise that helps local libraries achieve their full potential.
